

North Bridge Academy — Lead Dossier

North Bridge Academy — Lead Dossier

School Profile

Field	Detail
Full Name	North Bridge Academy
Type	Private, non-profit
Location	17 Buena Vista Ave, Mill Valley, CA 94941
Grades	2–8
Enrollment	~68 students
Student-Teacher Ratio	8:1
Focus	Dyslexic learners — multi-sensory, direct instruction
Founded	2015
Website	https://www.northbridgeacademy.org/
Tech Stack	Wix (website), Google Workspace (likely)

Key People

Name	Role	Email	Notes
Shannon G. Barkocy	Grade 4 Head Teacher	(not yet known)	△ OUT — let Annie know 7/1 she has no bandwidth this summer or next year. No longer tech lead.

Name	Role	Email	Notes
Dave	NBA staff (role TBD)	(not yet known)	✓ NEW — replacing Shannon on tech/Mosyle ownership. Name only so far.
Erin Minuth Terris	Lower School Head	erin@northbridgeacademy.org	✓ NEW COORDINATION LEAD — orig set up Mosyle. On campus 7/6-7/7; remote thru 7/24; blocked 7/13-7/17; on campus week of 7/27. 415.462.5657.
Annie Crowder	Head of School	annie@northbridgeacademy.org	Decision-maker. Green-lit all three workstreams 6/17. 415-462-5657 (main), 510-815-5710 (cell). Stepped back to oversight 7/1.
Dr. Lauren Ogren, PsyD, MFT	School Counselor	Lauren@NorthBridgeAcademy.org	WFC partner. Warm intro source. Tues/ Thurs on-site.
Avram	IT Coordinator	TBD	Added to thread by Annie 6/17. Has already done Wi-Fi work. Frank to connect with him.
Julia Myers	Assistant Head of School /	(not yet known)	Possible additional stakeholder.

Name	Role	Email	Notes
	Director of Admissions		
Katherine Monge Arriaza	Business and HR Director	(not yet known)	Operations/finance contact.

Origin

- **Date:** June 8, 2026
- **Source:** Warm intro from Lauren Ogren (WFC partner, NBA school counselor)
- **Thread:** Lauren → Frank + Annie + Shannon. Annie replied same day asking to schedule virtual meeting next week.
- **Context:** “Connect to see what the needs are and to see if Frank can be of some assistance.”

LTC Fit Analysis

Discovery Meeting 6/15 — Actual Needs Identified

Contrary to pre-meeting assumptions (website/data focus), the meeting revealed **concrete IT infrastructure needs**:

Area	Likelihood	Notes
MDM / iPad management	CONFIRMED	Currently managing iPads manually, one-by-one. Mosyle discussed as solution. Need to review existing Mosyle account or set up new subscription.
Wi-Fi infrastructure	CONFIRMED	Slow and unreliable. Needs assessment and upgrade path.
	CONFIRMED	

Area	Likelihood	Notes
Student internet safety		Content filtering needed (GoGuardian mentioned). May bundle with Mosyle's DNS-based filtering.
Ongoing IT management	LIKELY	Both parties to review options over coming weeks. May establish regular meeting cadence (biweekly/monthly).

Engagement Model

This is **IT infrastructure / managed services** — adjacent to LTC's core but deliverable. Not a standard district SIS/CALPADS engagement. Potential models: - Project-based: MDM setup + Wi-Fi assessment (one-time) - Ongoing retainer: monthly tech management, device lifecycle, security monitoring

Timeline

- **Immediate:** Follow-up email due 6/16 (tomorrow) — MDM options, Wi-Fi solutions, security tools
- **Summer:** 12 iPads to STEM teacher, rest paused until August — buys time for MDM rollout
- **August:** Full iPad deployment with MDM in place

Risk Flags

Flag	Severity	Notes
Small budget	HIGH	68-student private school, non-profit. Budget likely minimal.
Not core LTC vertical	MEDIUM	IT infrastructure ≠ SIS/CALPADS. Different deliverable model.

Flag	Severity	Notes
Lauren's dual role	LOW	Lauren is WFC partner AND NBA employee. Manage expectations.
Decision-maker confirmed	✓	Annie Crowder is Head of School — approved all three workstreams 6/17. Shannon executes on Mosyle. Avram handles Wi-Fi.

Next Actions

1. ☒ **Discovery meeting** — Completed 6/15 with Shannon Barkocy.
2. ☒ **Follow-up email sent** — 6/16. MDM recommendations with confirmed Mosyle pricing/tiers, Wi-Fi options, security/safety tools.
3. ☒ **Green light received** — Annie Crowder (Head of School) approved all three workstreams 6/17. See [\[\[leads/ltc-north-bridge-academy/email-2026-06-17-annie-greenlight|email\]\]](#).
4. ☒ **Response sent to Annie + Shannon + Avram** — 6/19. Addressed Shannon for Mosyle, Avram for Wi-Fi, Annie for decisions.
5. ☒ **Avram network assessment received** — 6/23. Detailed technical assessment forwarded by Annie. See [\[\[leads/ltc-north-bridge-academy/network-assessment-avram-2026-06-23|assessment\]\]](#).
6. ☒ **Meeting with Annie Crowder — 6/25 at 1:00 PM** — 1-on-1. Discussed “what their needs might be.” *Detailed meeting notes still pending Frank to populate.* See [\[\[leads/ltc-north-bridge-academy/meeting-prep-2026-06-25|meeting prep\]\]](#).
7. ☒ **Staffing handoff** — 7/1. Shannon out. Dave (NBA staff) takes over tech/Mosyle ownership. Erin Minuth Terris (Lower School Head, orig Mosyle setup) is new coordination lead. See [\[\[leads/ltc-north-bridge-academy/email-2026-07-01-annie-staffing-change|email\]\]](#).
8. ☐

Respond to Erin + propose 7/6 or 7/7 meeting — Frank (today). On-campus window closes Tue 7/7; she blocked week of 7/13; back on campus week of 7/27.

9. ☒ Get Mosyle account access — Through Erin now (not Shannon). Confirmed 7/7 walkthrough (Frank has admin).
10. ☐ **Send post-7/7 walkthrough follow-up to Erin (CC Annie + Dave)** — draft at [[leads/ltc-north-bridge-academy/follow-up-email-2026-07-09-draft]]. Phase 1 = 4 steps: Mosyle LS/MS partition, Apple Classroom for MS, filtering policy with YouTube gating, ASM cleanup (8-of-N Mac gap). GATED on Dave's full name + email.
11. ☐ **Build / refine initial inventory list** — engagement-ready deliverable from Erin's day-prior Apple inventory doc. Save as `inventory-2026-07-09.md`. Separate from follow-up email.
12. ☐ **Draft Phase 1 SOW** — synthesize post-7/7 follow-up into scope + hours + price.
13. ☐ Draft needs assessment summary — Synthesize 6/25 Annie call + Avram network findings + Mosyle path. For admin team: what Avram can manage, what Dave tackles, where Frank supports.
14. ☐ Scope engagement — Determine engagement model after 6/25 Annie call outcome + Erin meeting.

Mosyle Research (6/16)

Confirmed pricing and capabilities via mosyle.com, school.mosyle.com:

Tier	Price	Key Features
Free	\$0/year, no device limit	Full Apple MDM for iOS/iPadOS, shared iPads, SSO, parental controls
Premium	\$5.50/device/year	+ Classroom management, automated workflows, screen sharing, all Apple platforms
OneK12	\$9.00/device/year	+ Encrypted DNS web filtering, endpoint security, Mosyle Auth 2 (macOS SSO)

1:1 Deployment: Zero-touch via Apple Business Manager — devices auto-enroll, no manual config. **Filtering:** Only in OneK12 tier. Encrypted DNS-based, content categories + threat protection + CIPA compliance. GoGuardian may be redundant at this tier. **Classroom management:** Teachers set class preferences once, deploy to all devices with one click. No IT involvement day-to-day. **Scale:** 25,000+ schools, education-native since 2016. **North Bridge estimate:** ~\$0–270/year for ~30 iPads. Free tier may cover basic MDM needs.
