Frank,

Shannon has let us know that she doesn't have the bandwidth to work on the tech stuff this summer or next year. Dave, another one of our staff, has agreed to take this on. Also Erin, who initially set up the Mosyle account, is interested in being here when you are working on this project.

I'm introducing you to Erin, and I'd like the two of you to move forward with coordinating this work around your trip and Erin's time off. I think we can make this happen!

Warmly, Annie

I am excited for your support and help. When are you available for a meeting? I will be working mostly remotely until the week of July 27th. I will be on campus July 6th and 7th. I cannot meet the week of July 13th.

Thanks, Erin
