

North Bridge — Follow-Up Check-In

North Bridge Academy — Follow-Up Email

Purpose: Gentle check-in. Response sent 6/19 to Annie + Shannon + Avram — 4 days with no reply. **Sender:** Frank, from frank@lucidotechnologyconsulting.com **Tone:** Warm, moving-to-work-account housekeeping, not pushy. Respects Avram's existing Wi-Fi work. Respects Shannon's Mosyle ownership. **Availability note:** Frank is available this week (Wed-Fri 6/25-27) or "after the 4th" (week of July 6). He is OUT the week of June 28 – July 4.

Subject: Checking in — and moving this to my work account

Hi Annie, Shannon, Avram —

I'm moving this conversation over to my work account so it's easier for me to track. Annie, thank you for your feedback — here's where I think we are:

1. **Mosyle** — Shannon, I'd love to schedule some time with you so I can review the current configuration and licensing tier. Once I've had a chance to look at what's in place, I'll be in a much better position to give you a sense of what the move to OneK12 might involve.
2. **Wi-Fi** — Avram, nice to meet you virtually. I understand you've already done some work on the Wi-Fi side. Do you have time to meet either this week (Wed-Fri, June 25–27) or the week after the 4th? I'd love to hear where things stand — not to get in the way of what you're doing, just to understand the landscape.
3. **Next steps** — After I've had a chance to meet with both Shannon and Avram, I'll share my thoughts with you, Annie, and we can go from there.

Looking forward to it.

Frank

Notes

- **Sender is frank@lucidotechnologyconsulting.com** — this is Frank's LTC business email. Governance rule: all LTC correspondence through this address, not personal Gmail.
- **Availability is precise:** This week Wed-Fri (June 25-27) or week of July 6+. Frank is gone June 28 – July 4. This is correctly communicated — “this week” and “the week after the 4th” are clear.
- **Shannon's role:** Grade 4 Head Teacher who owns Mosyle management. The email correctly positions her as the Mosyle expert.
- **Avram's role:** IT Coordinator doing Wi-Fi work. Respectful of his existing work — “not to get in the way, just to understand.”
- **Annie is CC'd** — she's the decision-maker (Head of School) and needs visibility on scheduling.
- **Not pushing for commitment** — this is scheduling logistics, not a proposal follow-up. The tone is: let me learn what you have so I can give you useful advice.
- **Original response sent 6/19** from frank.lucido@gmail.com. This confirms the account switch.
